CLARK BUILDERS NAMED ONE OF CANADA'S BEST EMPLOYERS

Butler Builder® Clark Builders of Edmonton, Alberta, has been named by *Macleans* magazine as one of Canada's 50 Best Employers for 2011. It's the second year in a row the company has earned the distinction.

Macleans commissioned Aon Hewitt, a global HR consulting and outsourcing firm, to identify the Best Employers based primarily on survey responses of more than 134,000 employees among 251 Canadian companies.

Aon Hewitt's survey focused on three primary aspects of employee satisfaction: 1.) speaking positively about their employer to others 2.) being committed to remaining with their current employer 3.) being motivated to go "above and beyond" to contribute to the company's success. According to the survey, 76% of Clark Builders' employees answered positively in these three areas.

"Our success begins and ends with our people," said Paul Verhesen, president of Clark Builders. Verhesen also stated that the company saw a 2% increase in employee engagement over the past year.

Butler Manufacturing™ is the industry's leading provider of systems construction solutions. Butler is a division of BlueScope Buildings North America, which is a part of BlueScope Steel, Australia's largest steel company.
