## Durarail Introduces New Colonial Style Heritage Top Rail

Durarail, your [professional provider of complete railing systems](#) has added a new style of top rail to its selection of beautiful and modern looking railing solutions. The [Durarail Heritage Top Rail](#) incorporates colonial style with the strength, durability and convenience of aluminum. Available for both glass and welded picket railing systems, the [Heritage Top Rail](#) is a one-piece top rail that provides the classic look of wrought iron railings with the low maintenance and security of aluminum.

[Available in 8 standard colors and 180 custom colors](#), the **Heritage Top Rail** is ADA compliant for handrail purposes. With its [powder coated durability](#), it will not peel, flake or blister as it ages. There is no need for sanding, staining or painting with [Durarail](#). It is UV resistant and can easily be buffed into like-new condition after many years with a simple cut polish.
