WATSONTOWN DISTRIBUTOR

Thames Valley Brick & Tile is a Canadian supplier of "Genuine Clay Pavers" from across North America, representing such manufacturers as Endicott, Whitacre-Greer and Watsontown.

**Product Line**

ENDICOTT BRICK PAVERS (top photo): Recognized for their aesthetic beauty and elegance, Endicott's line of clay brick pavers enhance any landscape setting. Available in 10 "Authentic Ironspot" colours, 27 different sizes, and in thicknesses from 1 1/4" to 2 5/8" (31.8 mm to 66.7 mm), these brick pavers coordinate with Endicott's extensive array of Face Brick, Thin-brick and Paver Tile units. Superior density and compressive strength characteristics combine with a commitment to quality, assuring an unsurpassed paving product. These pavers exhibit an excellent record of in-place performance and meet the requirements of ASTM C902-02, Class SX, Type 1. Laboratory tests document the quality of these pavers.

Also available:

- Defectable Warning Pavers, with a Braille-like detectable warning surface, are designed to meet ADA standards for detectable warning strips on elevated platforms or level surfaces
- Lugged Pavers, with spacer lugs on four sides
- Step treads and pool coping units

WHITACRE-GREER PAVERS (middle photo): Whitacre-Greer provides a wide variety of quality clay brick pavers, vacuum dry-pressed, kiln-fired at 2000°F (1093.3°C) and pre-sealed, making them practically impervious to ground water and freeze/ thaw damage. Available in 14 standard earth-tone colours and blends to add a dramatic array of colours to paved walkways, driveways and streetscapes. Lugged and chamfered on all four surface edges for fast installation and lasting beauty and durability. Available in three sizes.

WATSONTOWN BRICK PAVERS (bottom photo): In 1908, Watsontown was formed to manufacture paving brick. Over the past century it has grown to offer one of the finest collections of quality paving brick in North America. This is due in part to attention to customer preference and in part to the addition of state-of-the-art manufacturing technology. Today the Watsontown paving brick line includes a growing selection of six standard colours in extruded straight edge and chamfered units.

Watsontown paving bricks offer designers and developers a wide choice of colours, sizes and finishes pedestrian walks, courtyards, parks, plazas and street crossings.

Watsontown paving bricks are a pure natural product combining the finest hard-fired clays to produce uniform and consistently high-quality, "Genuine Clay Pavers".
