info@mostdependable.com or 800-552-6331

Most Dependable Fountains, Inc. now offers a 12’’ chilled drinking fountain series. The 12’’ features an alternate access location for the chiller. This feature allows easy removal of the chiller during freezing temperatures. The 12’’ series is perfect for installations with extreme weather ranges. The 44012 SM shown meets ADA for both the High and the Low fountains.

All colors shown apply to stainless steel and standard steel drinking fountains. Chrome Matte powder is available on stainless steel fountains only.
